Outdoor Space Upgrade

The team have been busy trying to secure funding to update the outdoor spaces at school. We hope to raise funds to: resurface and redesign the area outside reception class; redevelop the nature garden; provide a covered outdoor classroom space next to the Y1 classroom; and develop a larger vegetable growing area. Just before Christmas our dedicated team submitted an application for £10K to the National Lottery Fund 'Awards for All'. Sadly we didn't get the funding but we received positive feedback and are currently preparing to submit the application to another funder. **If you would like to be part of the outdoor space project team please email us using the address above.**

LGI Children's Heart Surgery Fund

Thank you to everyone who helped out and supported the charity café after school a few weeks ago. It was a great success and we raised over £90! Every penny raised at the café will go to the charity: £10 buys a teddy and medal for a child who has surgery; £30 buys a birthday present for a long-term patient on the ward; and £100 provides training for clinical staff.
