

INITIAL SUMMARY OF SHIRE OAK STATUTORY DATA 2019

Please note that this data has been accessed from Perspective Lite (which uses data from all local authorities, except Sheffield LA). It will require updating after the data is released for the DfE Tables Checking Exercise on the 2nd September. During this checking period corrections will be made and children who are eligible to be discounted from the performance tables will be removed. There will, therefore, be a slight change in the final published national figures (usually a higher figure).
